IGNITE YOUR CAREER AT GHD

GHD, one of the world’s leading engineering, architecture, environmental and construction services companies. With more than 8500 people across five continents and the Pacific region, we are committed to the success of our clients and the communities in which we operate and have an ongoing requirement for high-caliber professionals to join our connected global network.

GHD has openings for Fire Protection Engineers in our Chantilly, VA and Baltimore, MD offices. The position will support a wide variety of projects involving code consulting, system design/evaluation, fire modeling, etc. for a diverse group of clientele in the Mid-Atlantic Region and across the U.S.

Responsibilities include, but are not limited to:

- Performing Building/Fire Code Consultation.
- Knowledge of National Building and Fire Codes and Standards
- Knowledge of National Fire Protection Association (NFPA) Standards, including Life Safety Code Requirements for both New Construction and Modifications to Existing Buildings.
- Experience with Microsoft Word, Excel, and PowerPoint.
- Excellent Communication Skills

Minimum Requirements:

- B.S. in Fire Protection Engineering, or related field, from an accredited engineering institution.
- Engineering-in-Training (EIT) preferred.
- 1-6 years of direct experience in the Evaluation/Design of Fire Protection Systems
- Professional Engineer (PE) Registration desired (or pursuit of registration when eligible).
- Experience in the Application of fire modeling (FDS, CONTAM, Pathfinder, CFAST, etc.)

As a multicultural organization, we encourage individual achievement and recognize the strength of a diverse workforce. GHD is an equal opportunity employer. We provide equal employment opportunities to all qualified employees and applicants without regard to race, creed, religion, national origin, citizenship, color, sex, sexual orientation, gender identity, age, disability, marital status or veteran status.
