Code Consultant and Fire Protection Engineer – San Diego Office

Cosentini Associates (www.cosentini.com), a Tetra Tech company, is seeking an enthusiastic junior to mid-level Code Consultant and FPE to join our growing San Diego Code Consulting and Fire Engineering practice. Cosentini is an international engineering firm specializing in building systems design for a range of projects, including office and residential buildings, laboratories, healthcare, academic and government facilities, museums, tenant interiors and more.

About this opportunity:
As a Code Consultant and Fire Protection Engineer, you will:
- Have the opportunity to develop and grow both technically and professionally.
- Have unique opportunities to develop engineering consulting skills and technical expertise on exciting and challenging projects.
- Work with Senior Leadership to develop project deliverables and deliver engineering work product to our existing clients.
- Work with high performing engineers in the field, gaining expertise while building your reputation and career.
- Be instrumental in the development of a Code Consulting Practice in Southern California

What’s so great about this job?
Cosentini Code recognizes that at the core of its business are the talented individuals it employs, and as such, strives to create a dynamic and supportive environment for individual growth. The candidate who obtains this position will work on an exciting and growing portfolio of work with both internal and external clients, have significant individual growth potential, and access to a market-leading compensation and benefits package. Cosentini offers highly competitive salaries.

What kind of candidate are we looking for?
Minimum requirements:
- B.S. or M.S. in Fire Protection Engineering, or other engineering discipline with complementary experience
- 0-7 years of experience in code consulting, fire alarm design and/or automatic sprinkler/suppression system design, fire modeling, and egress design

To be successful, candidate must have:
- Strong Desire to Learn
- Good Communication and Interpersonal Skills
- Excellent Problem Solving and Critical Thinking Skills

Why join Cosentini Code?
Cosentini Associates provides full service MEP/FP engineering services as well as specialty services in many areas such as Code Consulting. With a reputation for innovation and responsiveness in the design and construction industry, Cosentini Code is able to offer a differentiated, full-service solution beyond the abilities of our competition. With a practice that is purposefully not top-heavy with corporate load, our team members are recognized and compensated based on contribution to the growth and success of the group without unnecessary emphasis on years of service or indiscriminate titles. As part of the Tetra Tech family of
companies, we are home to some of the best minds in the country, including nationally renowned subject matter experts. Tetra Tech employs approximately 12,000 people with more than 330 offices worldwide.

“Cosentini Associates/Tetra Tech, Inc. is an equal opportunity employer. We invite resumes from all interested parties including, women, minorities, veterans, and persons with disabilities.”
